WELCOME TO:

**Golden Bet Group**

Hi, and thank you for subscribing to my newsletter and downloading this e-book. First, I want to congratulate you for reading this because by doing so, you're way up ahead than all the others who keep wasting their money and time with PTC sites, marketing programs, and other stuff that could "work", but only after investing a huge amount of time and money and with tiny results.

Luckily you're now here. You have no idea how happy I am that you're reading this. **And what a hell of a difference that will do after you see what's stored for you ahead!**

## **SO, WHO AM I? AND WHAT'S THIS "GOLDEN BET GROUP" ABOUT?**

First, my name's David Angelo.

But I know you don't care, and that's fine because I also don't want to waste both your and my time giving you pages and pages full of shit-cake info of how "I lost my job" or "how I accidentally stumbled upon the ultimate money making machine" or showing you photos of my "new car" and play dirty with your feelings. What I deliver is far **more simple and serious than that.**

Second, this *Golden Bet Group* is a very special service that I started some months ago as a project aimed to help all those people who are interested in having some extra income online with no work from their part.

So, what you'll find in this e-book is something you won't find for free in other e-books: a thorough explanation of how we'll make YOU money without having to download or buy any shit along with "right to the point" arguments as why you **HAVE** to take advantage of this new project called "Golden Bet Group" backed up with a very detailed comparison of why this is even better than investing in a PTC site. So, unlike other "money-making-programs" **we will explain to you FIRST, how this work, and then you can decide if you want or don't want to go for it.**

(And even if you're not interested in making money with my service, at least you will now know how to avoid being scammed by other programs, etc. for what you're about to learn here.)

## ***SO, HOW DOES THIS GROUP MAKE MONEY FOR YOU?***

The *Golden Bet Group* is based in making money in a way that you've probably heard before and/or may cause you to be so skeptical that you may immediately relate this service with a scam:

### **SPORTS BETTING**

You may think now: "*What? Sports Betting!? Sounds like SCAM to me!*"

Don't worry. Unlike other lame scammers **I HAVE RECORDED PROOF – yes, RECORDED PROOF!** showing how this last month of December 2010 we made a profit of nearly 70% with Greg Thompson's NBA Betting System (don't even try to google for his systems, I assure you that you won't find them anywhere). They are not tiny and shitty snapshots, they are **VIDEOS** showing how we bet and make an initial bankroll of \$400 into \$678 (a +50% interest in one month!).

***Make sure to watch them thoroughly!***

What we use in that footage is a very unique NBA, MLB and NFL (and soon NHL too) Betting System mixed with a top-notch money management, which were developed some years ago by **Greg Thompson**, and who by the way, approved and supported the idea of creating this group so that more people with low capital can have a chance to make a very good amount of money online. **Thanks to his wonderful Sports Betting Systems this project wouldn't have been possible.**

Almost incredible don't you think? Because there's FINALLY a real effortless way to make some serious money online, and by effortless I really mean it! because Mr. Thompson and I will make all the "work" for you!

## ***BUT WHY SPORTS BETTING!? AND WHY NOT MAKE THE BETS YOURSELF?***

Sports Betting is possibly one of the most profitable services in the whole internet, even for those who pay for a Sports-Analyst Expert's (aka. Handicapper) service since it's the most simple thing you could ever do due to its numerous advantages:

- 1) You don't need any programming skills.
- 2) You don't need any marketing skills.
- 3) You don't need a product.
- 4) You don't need to host and advertize a website.
- 5) The profits are way bigger than having 5 or 10 affiliate pages.
- 6) Requires ZERO experience in sports.

Of course all those advantages are only possible if you're a Handicapper or if you're paying for some Handicapper's picks.

But it also comes with its biggest downside:

- 1) You need a LOT of money, something like \$3000, in order to take full advantage of most Handicapper's services, since they charge roughly \$300-\$600 PER MONTH for their picks.
- 2) And the worst part is that only 1 of every 10 Handicappers is 100% honest while the other are just scammers that can make you lose huge amounts of money like the infamous John Morrison.

So, unfortunately this is a money making opportunity only available to those with huge capital to invest. That's why it is barely exploited. **But that's why I created this group for those who can't manage to pay for such a wonderful service!**

SPECIAL

**This group specially focused at those who:**

- 1) Have a very low capital to invest and are willing to risk (something between \$50 - \$200).
- 2) Want to make some huge income online, but lack the knowledge or how to.
- 3) Lack the motivation due to the overwhelming competition when it comes to finding referrals for your PTC sites, or clients for your affiliate marketing.
- 4) Have the **PATIENCE** to let their money slowly grow in a long term plan until they finally start making at least \$300 per month. **And that's possible even with a low investment of only \$100!**

If that's you, then you have come to the **BEST PLACE YOU COULD BE RIGHT NOW**, why? Because again, this is a special service created just for low-capital investors like you who want to make a realistic and yet achievable income each month. Even if your goal is to make \$300 a month it is perfectly achievable.

You already know "*how*", but now we will see how this works in a more detailed way.

SPECIAL

## ***OK, SO WE MAKE MONEY WITH SPORTS BETTING, BUT HOW MUCH WILL YOU MAKE IF YOUR INVEST WITH US?***

It depends on how much time you leave your money invested. In this group **the longer you leave your money invested, the greater the profits.**

If you saw the complete +60 mins of the videos, you saw that we made a profit of nearly 70% in a single month (and without counting how much we made with the NFL system). However there are also bad months where we only made a tiny profit of 5-10%, so I'll explain how this process work with a monthly profit of 30% AND a comparison of what happens if you invest \$400 with us and \$400 in a PTC site.

Let me take **Neobux**. While **Neobux** is a GREAT site where you can invest your money and have a certainty that your money will grow, the downside is that it can be very tedious and you have to keep track of your referrals as well as a good money management plan. Another huge disadvantage of the PTC sites, is that you need a huge capital to get the best of them (at least \$2000 to begin with, in the case of Neobux).

With my service the main advantage you have is that you don't have to do a single thing: no calculations, no money management, no referring, no time-consuming plans, and specially you don't have to invest an enormous amount of money, with a minimum of \$100 you can still get A LOT of benefits in long term.

SPECIAL

The other (HUGE) advantage that the *Golden Bet Group* has over ANY other PTC site is what you'll see next. If you were to invest \$530 in Neobux and \$400 in Golden Bet Group, here's how it would turn out:

**\$90** - Goes to pay for a Golden Membership in order to maximize your profit.

You'll have **\$440** left to easily buy **2000 referrals**. BUT in order to achieve that quantity of refs, you need at least 140 days so that you can buy all your referrals in a weekly basis in packages of 100 which is the maximum package available. That's almost 5 months where you are slowly investing your money.

After everything's set, now let's say you have "the ideal conditions" where you have an average of 1.0 and where you don't need to recycle. So, your 2,000 refs generate \$20 per day, which is \$1800 in 3 months. But that is only possible if you renewed your refs at 90 days to get a 20% discount, so you spend  $[2000 \times 0.27 \times 3 \times 0.8] = \$1296$ . Now  $1800 - 1296 = \underline{\$504}$  that was made for those 3 months. **So in 8 months you only got all your investment back and only had a profit of \$4.** And that's ONLY if you have those ideal conditions, when the truth is that it's impossible to have an avg of 1.0 without recycling. And you can ask that to ANY veteran Neobuxer if you don't believe this.

Now, what would happen if you invest \$400 in GBG instead for the same period of 6 months? This is how it would turn out:

Like I said, the percentage of profit can vary from month to month, but the overall is 30%, so we will part from that.

So, in your 1<sup>st</sup> month your **\$400** turned into **\$520**.

Then the 30% of those **\$520** would be **\$156** extra for the 2<sup>nd</sup> month (**\$676**).

Then in the 3<sup>rd</sup> month your **\$676** turned into **\$878**.

After the 4<sup>th</sup> month you made another 30% and end up with **\$1142**.

---

<http://goldenbet.yolasite.com/>

At the 5<sup>th</sup> month, now you have **\$1485**. And finally at the 6<sup>th</sup> you have **\$1930**.

So if from those **\$1930**, you deduce the initial investment of **\$400** you end up with **\$1530**. However, since it is Mr. Thompson's systems that we're using and since they are copyrighted, a fee of 20% of your initial investment multiplied by the number of months you left your money invested will be deducted to pay for his wonderful systems and his support. In this case that would be  $\$400 \times 0.20 \times 6 = \$480$ , so we end up with a Profit of **\$1050**. Finally, what we do is share the winnings in a ratio of 80/20, meaning that from those winnings 80% will be yours to keep and the other 20% for the Golden Bet Group to keep as a fee, meaning that after only 6 months, **YOU MADE A PROFIT OF \$840! THAT'S TWICE YOUR INITIAL INVESTMENT AND IN LESS TIME**

And this is only the beginning. What would happen if you were to invest those \$400 for a whole year like most of our clients have been choosing? First of all, the sharing ratio is higher, changing from 80/20 to 90/10 for investing in a period longer than 9 months!

So, continuing with this case, at the end of the year, your **\$400** are expected to become **\$3000**. And if we part from that parameter, in a single month you could finally **EASILY AND EFFORTLESSLY** make **\$500 - \$700 PER MONTH.**

As you can see by yourself, a monthly profit of 30% is VERY ACHIEVABLE with Mr. Thompson's Systems, meaning that the results shown here could be a lot more than what they really are! Besides, you can download the calculator and receive a fully detailed report of how your money can grow.

**Still sounds too good to be true despite the obvious proof?** Don't worry, it's understandable, so all you have to do is just sit and wait for the results given at my newsletter you just subscribed. In a monthly basis we'll be sending a report of how we do at the end of each month along with **more recorded videos** of how we bet and how much each investor made in order to keep things as transparent as possible, and there you can see how the others are doing with this service, so you can finally convince yourself and jump into this bandwagon called **Financial Freedom**.

**And the best part is that you don't have to do ANYTHING, but invest with us.**

*(Let me be clear again. I'm not saying that Neobux doesn't work. This is only for comparison reasons and show you just how great Golden Bet Group's service is (and how GODLY are Mr. Thompson's Sports Betting Systems!). Neobux gives an excellent service as well and the admin is one of the most trustful and caring individuals ever, so investing there is the best choice if you're looking for a trusted and instant-paying PTC site, since I've tried Neobux's service and it works well and great. But you need A LOT of time and capital to make some decent amount of profit. If you want to know more about Neobux and some free tips you can check my Other Money Making Services section.)*

***THIS IS WONDERFUL! WHAT DO I NEED!? DOES IT HAVE A COST?***

Well yes and no. This is a completely **FREE SERVICE**, however you may have probably realized by now that you will need to invest a minimum of \$100 for a period of at least a month (but remember, the more time you invest, the more you can win).

In order to take full advantage of this service **you need money**. Yes, you need it, because there's a **GOLDEN RULE** when it comes to making money online as well as offline and is one of the most basic rules that EVERY entrepreneur knows, and that many other lowly bastards try to make you think otherwise so that you buy their shitty "money-making products":

**YOU NEED MONEY IN ORDER TO MAKE MORE MONEY.**

That's the sad truth that I've discovered after years of trying to making money online!

So please, stop fooling yourself and letting yourself be fooled by other morons who assure you that with a couple of clicks and a couple of referrals along with some magic code you can make \$100 a day in a month time, 'cause guess what: without money, making \$100 a day with PTC-sites can take YEARS!!! IT'S IMPOSSIBLE to make a realistic amount of money online in a reasonable time if you don't invest at least a little! So, if you're one of those "blind believers" that think that having accounts in 10 different PTC sites will get you somewhere, think again, and ASK in Neobux's forums how unviable, slow and tiring is such pseudo-strategy.

In fact, even the most successful and known *Neobuxers* (Regen666, shovitor, etc.) who makes \$500-2600 per month, achieved that goal but only because they invested A LOT MONEY! And they have admitted that numerous times. So from now on, try to make this golden rule as your own: **YOU NEED MONEY IN ORDER TO MAKE MONEY.**

Now, my apologies for all that ranting, but that is something you **HAVE TO KNOW** now before you waste more time in naive goals following someone else's delusional strategy.

***SO, BACK TO THE MAIN QUESTION! HOW MUCH DO YOU NEED TO INVEST?***

A minimum of only \$100 is accepted or a maximum of \$1000.

*But I don't have any cash!*

Well, it's not that hard to collect that sum. Seriously, \$100 is not that much. And again, compared to a ponzi, PTC, MLM, Forced Matrix, etc. this service can give you a WORLD OF PROFITS in a LESS time than all the other services combined.

If you want to know more details of this service, just go to: <http://goldenbet.yolasite.com/betting-group-service.php> where every single detail of how this service works is thoroughly explained.

Take your time, read EVERYTHING, if you have a question write us at [david\\_nfl\\_88@hotmail.com](mailto:david_nfl_88@hotmail.com) and we'll gladly answer it no matter how dumb or complicated it may be, **because I don't want you to take any more blind decisions. Ever.**

So think about, and take this opportunity so you don't lose another month of potential profits!
